## FROM THE PRINCIPAL

**WELCOME** to the 2009/1010 Science Fair!

Tonight beginning at 6:00 pm with a pizza dinner.

We are happy to have you come to share in the excitement that has been going on around the school as the classrooms have been preparing their air displays. Thank you to the parents who have been helping with each individual display. We hope you had fun in sharing this time with your child.

We are also going to be taking registrations for the 2010-2011 school year. Anyone that registers their child tonight will receive a \$25 discount on the registration fee (non-refundable). Included in the registration packet are all the information and forms that are needed to register, so please make sure you keep the packet for your information and return the necessary forms to the office. No other information will be mailed during the summer months.

**Parent Support Group** – There will be a sign up sheet at the Science Fair for interest in a parent support group. The group will begin in March if there is enough interest. Mrs. Curry, Mrs. Luther and Mrs. Tanke will be the main coordinators with the prospect of bringing outside professionals in as speakers. This is merely a time to share in the concerns you have as parents raising children in today's world and getting perspective and encouragement from parents who have been there and probably done that.

**Summer Child Care** – Child Care is gearing up for summer! If you are interested in being on a waiting list for our summer program, please see Mrs. Tanke. Our hours are 7:00 am - 6:00 pm and we will require a pre-payment at the beginning of the month for your estimated hours. We look forward to serving your family during the summer months!
